CONTACT & MAINTENANCE

Landlord	Jerel Smith
Phone	917-837-1562
Email	contactjerel@protonmail.com

Non-urgent repairs and questions: please **text**. Include a photo and the room it's in — it speeds things up considerably.

Emergencies — fire, gas smell, flooding, no heat in winter, or a medical emergency: **call 911 first**, then call (don't text) the number above. For a gas smell, leave the unit first, then call **National Grid 718-643-4050**.

HEAT, COOLING & LAUNDRY

- **Heat** is controlled by the wall thermostat for the whole unit.
- **Bedrooms and living room** have individual wall units, operated by their remote controls.
- Please **don't leave the wall units running all day** or when you leave the unit.
- **Laundry** is in the unit, in the bathroom.

PARKING

- Parking is **not included** with the unit.
- Street parking is first come, first served.
- Mind the **alternate side parking** signs on the block — tickets are frequent here.

TRASH, RECYCLING & COMPOST

PUT OUT	WHAT GOES OUT
Sun, Tue, Thu after 6 PM	Household trash
Tuesday after 6 PM	Recycling and compost

- **Metal, plastic and glass** go together in one bin.
- **Cardboard is separate** — flatten and tie it in a bundle.
- **Compost** (food scraps, food-soiled paper, yard waste) in the labeled brown bin.

NYC rules: everything must go out in a **lidded bin**. Bins can go to the curb no earlier than **6 PM** the night before pickup, and must be brought back in by the end of collection day. Loose bags at the curb are a fineable violation.

HOUSE RULES

- **No smoking** anywhere in the unit or the building.
- **Guests and subletting:** please refer to your lease.
- Please keep noise down late at night and early in the morning — sound carries between floors.
- Keep the front and garden entrances locked, and don't prop exterior doors open.

GOOD TO KNOW

- **Water shutoff:** _____
- **Breaker panel:** _____
- Test smoke and CO detectors monthly. If one chirps, text me — don't remove the battery.
- Nothing but toilet paper down the toilet; no grease down the kitchen sink.
